REGAL

“To ensure that future generations thrive, we are committed to playing our part in tackling the climate crisis, and to delivering better outcomes for the environment and our local communities through creating positive social value.

Our sustainability strategy focuses on three areas: **transitioning to net zero carbon by 2030** through collaboration with our supply chain; **going beyond biodiversity net gain** and **helping disadvantaged groups** including military service leavers into employment in real estate and construction through our **Regal Academies.**”

Paul Eden
Co-Founder, Regal

REGAL ACADEMIES

Regal, in an exclusive partnership with Building Heroes, have launched their first Regal Academy, a pop-up construction skills centre on Clarendon Road in Watford.

80 military veterans and people from often marginalised groups

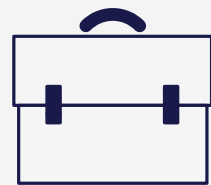

£2.5 million of social value per year using the National TOMS social value framework

Six five-week programmes a year

Learners secure a Level 1 Diploma in construction skills, a L1 Health & Safety Award and a CSCS Card

Many learners secure employment as a result

For the duration of the construction works

REGAL WORKSPACE

REGAL

Regal is one of the capital's leading privately owned mixed-use developers with a focus on unlocking value from complex urban settings. With a legacy of over 25 years of success, Regal continues to shape vibrant places that reflect the diversity of our capital city. Regal builds long-term partnerships with like-minded parties, including landowners, councils and financial partners, to maximize their collective ambitions.

Regal's brand portfolio includes five sub-brands: 'Regal London', comprising the residential assets; 'Regal Students', the business's Purpose Built Student Accommodation portfolio; and 'Regal Workspace' its office portfolio. The developer's in-house construction arm is 'Regal Construction', and 'Regal Academies' includes onsite construction skills academies.

Unlike many other developers, Regal is a fully integrated business operating across the entire lifecycle of the asset, which means that it puts the customer at the centre of everything it does.

Regal strives for progress towards net zero and invests in innovative technologies to reduce its carbon footprint. Regal works with partners and collaborators to create positive social value, and in keeping with its own entrepreneurial spirit, particularly works with groups providing support for young people and those wanting to further their own careers.
